THE inventor of this proparation was for three years a completely prostrated from Dyspepsis and inactivity of the Liver that he was frequently for weeks at a time unable to raise himself from his bed. He sought aid from physicans at home and in Europe, but in vain, his case was pronounced hopeless by these ands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been I subjoin the certifier le of Prof. M. Gangerr, of Memphis,

I hereby certify that I have been acquainted with 1r. J. N. Bledsoc and some verys ago he was reduced I od eve lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to got health.

Da. Brinson: — I take the fiberry and fell it to Le my duty to recommend to all persons suffering from disease of the storaged and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyapepsia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely cured him.

MICAJAH CAYCE. HENTSVILLE, Oct. 17, 1854.

Dn Bransow Same time has clapsed since I gave a cer-tificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the werst kind of spells of cramp in the atomach from dyspepsia. I had tried of several whose I thought to be the best physicians in the place and a great many differen medicines, with momentary retief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend if to all persons suffering from diseases of the liver and desperson.

N. B. ROBERTSON.

HUNTSVILLE, Sept. 29, 1951.

Dir. Blanson-Having seen the publication of your Alter after Compound, I think it my duty to say to the public, that I had been for rears subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly rebeve me, until I tried the above medicine, which has relieved me in every attack in less than an hour.
W.H. B. LLOYD.

Grass Courty, Tenn., Dec. 23, 1871. Dr. Rienson: —I feel that I should full short of my duty to you and to those who are at licted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two mostles. I can est anything I want with impunity, and believe toy health is an good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully our friend. ELIZABETH J. HARWOOD.

HENRYBLE, Ab., August 24, 1851. This is to certify, that I had suffered for many years with Dyspepsia and Discusses of the Liver. Physician after Physician had proscribed for me without no receiving any benefit, when I commenced the use of Dr. Bledson's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance.

JOSEPH CAROTHERS,

RUSTSVILLE, Ala., March S. 1859. Dr. Burson.—Sin: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Despensia and enlargement of the sale 25 or 50 pounds, and feel about as well as I ever did.
